

Second year CDT student in Robotics and Autonomous Systems  
First year PhD student at the Edinburgh Centre for Robotics.

### Research:

- Towards more biologically plausible neural controllers
- Neuro4PD (Neurorobotics for Parkinson's disease)

### Previously:

- **2018** PhD student at Centre for Doctoral Training in Robotics and Autonomous Systems (CDT-RAS). Heriot-Watt University and University of Edinburgh, Scotland, UK.
  - **Supervisors:** Dr. Patricia A. Vargas, Dr. Renan Moiola and Dr. Michael Herrmann.
- **2016-2018** Research Engineer at IST/ISR, Lisbon, Portugal.
- **2014 –2016** Master Program in Computer Science at Federal University of Minas Gerais, UFMG, Brazil.
- **2007 - 2014** Bachelor's Degree in Computer Engineer at State University of Feira de Santana, UEFS, Brazil (two years abroad).
